

House Resolution No. 162

Whereas, the members of the Missouri House of Representatives always welcome the opportunity to acknowledge milestone events in the histories of Show-Me State education institutions which admirably provide students with the opportunities to obtain the knowledge, skills, and experiences necessary to become lifelong learners and future societal leaders; and

Whereas, the new Stony Point Elementary School, located in the Grain Valley R-V School District in Grain Valley, Missouri, will hold a dedication ceremony on January 27, 2008; and

Whereas, the first Stony Point Elementary School was built circa 1958 in the Township of Stony Point, located one-half mile south of the current Stony Point Elementary School; and

Whereas, a school, church, and trading post with a post office served the community and the topography for the area was rocks and stone, hence the name, Stony Point; and

Whereas, cost and the need for children to help at home, shortened the school year to only mid-winter months, and the school eventually closed in 1934; and

Whereas, the new Stony Point Elementary School honors and is dedicated to, not only all those students who attended the original Stony Point Elementary School, but also to all present and future students:

Now, therefore, be it resolved that we, the members of the Missouri House of Representatives, Ninety-fourth General Assembly, join unanimously to applaud the history associated with the educational work, goals, and accomplishments of Stony Point Elementary School and to convey to all of those involved in this legislative body's most heartfelt best wishes for a highly successful dedication of the new elementary school building; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for Stony Point Elementary School in Grain Valley, Missouri.
